Sponsor a child

Born into a life of street poverty & neglect in the slums of Calcutta and Mumbai, these children are deprived of food, shelter and an education. They are exposed to great danger and exploitation as child labourers. They are alone and uncared for.

Lift a child out of poverty by joining our **Sponsor a child programme** for only €25 a month. Your monthly donation will feed, clothe & educate a child in India. You will receive a photograph and a letter from your sponsored child together with a progress report from their teacher.

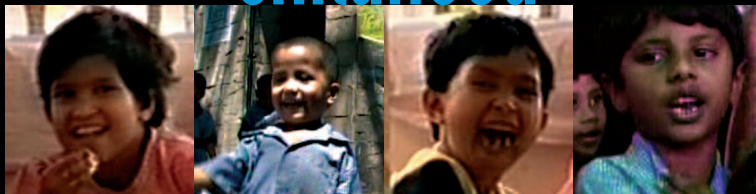

Who we are

Educo is a registered Irish charity run by volunteers. 100% of all donations go directly towards Educo projects.

Our mission is to educate children out of poverty in India through the building & funding of schools & educational programmes. Please visit www.educo.ie for more information.

Help us to give them back their childhood

What we do

We believe that education is the best way to break the cycle of poverty. Education empowers children to stand on their own two feet and gives them the means to support themselves, their family and their community.

educo projects

We are building a multi-denominational school in Mumbai for 500 pupils aged between 2 and 15, to be run by Sister Paulette and her team of lay teachers. We will be opening a vocational school in Calcutta for adolescent children.
